Cowboys Golf Club

Grapevine, TX

Welcome To Cowboys Golf Club

Cowboys Golf Club is in Grapevine, Texas, on the north side of the Dallas-Fort Worth Metroplex (just north of DFW International Airport).

Cowboys Golf Club was designed by architect Jeff Brauer and opened in 2001 to unanimous acclaim. The course is known for lush trees, waterways and natural habitat, and features eye-catching elevation changes throughout.

The club is so-named because the Dallas Cowboys football team is a co-owner. Cowboys memorabilia can be found in the clubhouse, and plaques around the course commemorate key moments in Dallas Cowboys history. Word around DFW is that it's not uncommon to find Dallas Cowboys players and team officials at the golf course.
